Experience

DSA and Competitive Programming

- Solved 500+ problems on LeetCode focusing on Data Structures and Algorithms [\[LeetCode Profile\]](#)
- Achieved 3 star on Codechef with a highest rating of 1627, active contest participant [\[Codechef Profile\]](#)
- Codeforces highest rating: 1246 [\[Codeforces Profile\]](#)

Web Development Projects

- **Cricket Player Stats App** *Node.js, Express.js, EJS, External API*
Developed a web app comparing cricketers' runs, centuries, and match stats. Integrated external API for real-time data with dynamic EJS templates.
- **Fake News Detector** *Flask, HTML/CSS, Machine Learning*
Built a Flask backend app using a pre-trained ML model to classify news as real or fake, with an intuitive frontend interface.
- **Twitter Clone** *Node.js, Express.js, ReactJS, MongoDB, JWT*
Created full-stack social media app replicating Twitter's core features: tweets, following, liking, commenting. Implemented secure JWT authentication, RESTful APIs, and responsive React frontend.
